ACKNOWLEDGEMENT OF RISK AND PARENTAL CONSENT FOR PARTICIPATION

WARNING: Although participation in supervised inter-scholastic athletics and activities and intra-scholastic athletic clubs and activities may be one of the least hazardous in which students engage, BY ITS NATURE, PARTICIPATION IN INTER-SCHOLASTIC ATHLETICS AND INTRA-SCHOLASTIC SPORTS CLUBS INCLUDE A RISK OF INJURY WHICH MAY RANGE IN SEVERITY FROM MINOR TO LONG TERM CATASTROPHIC, INCLUDING PERMANENT PARALYSIS FROM THE NECK DOWN OR DEATH. Although serious injuries are not common in supervised athletic programs or athletic clubs, it is possible only to minimize, not eliminate this risk.

Participants can and have the responsibility to help reduce the chance of injury. PARTICIPANTS MUST OBEY ALL SAFETY RULES, REPORT ALL PHYSICAL PROBLEMS TO THEIR COACHES OR CLUB SUPERVISORS, FOLLOW A PROPER CONDITIONING PROGRAM AND INSPECT THEIR EQUIPMENT DAILY.

By signing this Consent, you acknowledge that you have read and understand the warning. PARENTS OR STUDENTS WHO DO NOT WISH TO ACCEPT THESE RISKS DESCRIBED IN THIS WARNING SHOULD NOT SIGN THIS CONSENT FORM AND MAY NOT PARTICIPATE IN THE ACTIVITY.

I/We hereby consent for _____ to:

1. Compete in athletics at _____ School in the Cherokee County School District hereinafter (CCSD) as governed by the Georgia High School Association hereinafter (GHSAA) approved sports.
2. To accompany any school team or sports club of which he/she is a member on any of its local or out of town trips.
3. I/We hereby verify that the information contained within this form is correct and understand that any false information may result in my son/daughter being declared ineligible for participation in sports.
4. If my student is found illegally enrolled out of their school attendance zone he/she could be ruled ineligible for GHSAA competition for one (1) full year.
5. By execution hereof, I/We hereby release and forever discharge CCSD, its agents and employees from any and all liability resulting from the intentional or negligent acts or conduct by the District, its agents and/or employees.

AUTHORIZATION AND WAIVER

I/We certify that the medical history on this form is complete and accurate. I/We understand that this will serve as the basis for determining that my student may compete in middle/high school athletics within CCSD. I/We also understand this medical evaluation is general in nature and only performed to determine fitness for athletics and is not to take place of regular medical examinations. In case of an emergency or accident on/off school grounds during any school activity or athletic event, which in the opinion of school authorities present requires immediate medical or surgical attention, I/we hereby grant permission to physicians, consulting physicians, certified athletic trainers, emergency medical technicians, and other healthcare providers selected by school authorities to provide medical care and treatment (including hospitalization if deemed necessary) unless I am present and request otherwise or until I later request otherwise.

I/We understand that the terms hereof apply to any injury, illness or other medical problem or emergency that arises as a result of or in connection with any aspect of athletic participation for CCSD, including tryouts, practice, conditioning, meetings, games, and/or travel. I/We also understand that reasonable efforts will be made to contact parent(s) or legal guardian(s) before any serious or involved medical treatment.

I/We understand that per GHSA, a Pre-Participation Physical Evaluation must be performed by a physician to medically screen each student who participates in the athletic program(s) of CCSD. I/We further understand that a basic medical screening (the required physical exam) is general in nature and limited in its scope and does not indicate or assure me that my student is completely free from impairments. If I/we wish for a more detailed physical exam to be performed upon my student, then it is my responsibility to arrange and pay for such an exam. If this more detailed exam is performed, it is my responsibility to notify CCSD and its appropriate employees, of any potential medical problems uncovered by any physical exam given to my student other than the general physical required by the school system for athletic participation.

I/We assume all liability and responsibility for any and all potential or real risks, injuries or even death which may result from Student's participation in inter-scholastic athletics, sports teams/clubs and events. I/We represent and warrant that I/we know of no mental or physical condition that would make it unsafe for Student to participate in inter-scholastic athletics, sports teams/clubs and events. I/We understand, acknowledge and agree that CCSD shall not be liable for any injury/illness suffered by the Student which arises out of and/or is associated with preparing for and/or participating in inter-scholastic athletics, sports teams/clubs and events.

I/We hereby release, discharge, indemnify, and agree to hold harmless CCSD, Members of the CCSD Board of Education, its past, present and future officers, attorneys, agents, employees, predecessors and successors in interest, and assigns, hereinafter "CCSD Releasees", from any and all liability arising out of or in connection with Student's participation in inter-scholastic athletics, sports team/clubs and events. For purpose of this Release, liability means all claims, demands, losses, causes of action, suits, or judgements of any kind that Student or Student's parents, guardians, heirs, executors, administrators, and assigns have or may have against the CCSD Releasees because of Student's personal, physical, or emotional injury, accident, illness or death, or because of any loss of or damage to property that occurs to Student or his or her property including Student's participation in inter-scholastic athletics, sports teams/clubs and events due to acts of passive or active negligence by CCSD Releasees other than actions involving fraud or actual malice.

By signing below, I/we acknowledge that I/we have carefully read this voluntary Waiver and understand the potential dangers incident to engaging in inter-scholastic athletics, sports teams/clubs and events, and are fully aware of the legal consequences of this agreement.

STUDENT ATHLETE CONCUSSION AWARENESS, DIAGNOSIS AND MANAGEMENT PROGRAM
(GHSAA 02.18)

DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor "ding" to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSAA athletics. One copy needs to be returned to the school, and one retained at home.

COMMONS SIGNS AND SYMPTOMS OF CONCUSSION

- Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness
- Nausea or vomiting
- Blurred vision, sensitivity to light and sounds
- Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments
- Unexplained changes in behavior and personality
- Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

BY-LAW 2.68: GHSAA CONCUSSION POLICY: In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.)

- a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.
- b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

By signing this concussion form, I/we give _____ High School permission to transfer this concussion form to the other sports that my child may play. I am aware of the dangers of concussion and this signed concussion form will represent myself and my child during the 2019-2020 school year. This form will be stored with the athletic physical form and other accompanying forms required by CCSD.

I/We have read the information concerning usage of the Immediate Post-Concussion Assessment and Cognitive Test (ImPACT™) and understand its contents. I/We have been given an opportunity to ask questions and all have been answered to my satisfaction. I/We understand that participation in the ImPACT™ concussion baseline testing is highly recommended but not required for athletes in Cherokee County schools. I/We also understand that the ImPACT™ testing is merely a tool to assist Medical Professionals in the diagnosis and subsequent treatment of potentially serious injuries, the ImPACT™ testing IS NOT a substitute for treatment by a Medical Professional.

I/We acknowledge that if my/our child is suspected of receiving a concussion causing injury, my/our child WILL NOT be allowed to participate in athletics until cleared by an appropriate health care provider. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.)

Please INITIAL one of the choices below, sign and date:

_____ YES, I give permission for my child, _____, to participate in baseline training with the ImPACT™ program.

_____ NO, I do not give permission for my child, _____, to participate in baseline testing.

Appendix J: Student Activity Code of Conduct

I. Introduction

The Cherokee County School District has determined that participation in interscholastic/extracurricular activities is a privilege for students enrolled in the School District. A student participating in such activities is considered to be a school leader and, with leadership comes additional responsibility. Consequently, students must adhere to the standards and expectations contained in the School District's Activity Code of Conduct. As such, if a student violates these standards, schools may withdraw the privilege of participating in these activities, regardless of whether the violation occurred at a school-related or non-school-related activity. Schools may also withdraw the privilege of participating in these activities if the student violations occur outside of the scope of the activity's "season"; or, beyond the scope of the school day or year.

II. Student Infractions and Standards of Behavior

Student Infractions: Any student who commits the following infractions may be suspended or permanently dismissed from the team:

- 1.) Hazing other students--school clubs and student organizations will not use hazing or degradation of individual dignity;
- 2.) Missing practice, rehearsal or activities (unless excused by the coach or sponsor);
- 3.) Skipping class and/or truancy;
- 4.) Acting in an unsportsmanlike manner when representing the school;
- 5.) Violating team curfews (as established by the coach or sponsor);
- 6.) Any behavior which results in discipline by the school administration; and
- 7.) Any behavior which, in the opinion of the administration, reflects in a negative manner on the team, activity, athletic program, or school.

Standards and Expectations for Behavior: Students participating in interscholastic/extracurricular activities must comply with the following standards and expectations for behavior:

- 1.) Establishing and promoting a positive self-image for the program, school, and School District;
- 2.) Exhibiting good sportsmanship;
- 3.) Supporting team/activity rules developed by the activity's coaches or sponsors;
- 4.) Adhering to the School District's Student Discipline Code;
- 5.) Observing all standards and guidelines established by the Georgia High School Association (GHS) Constitution and by-laws; and
- 6.) Obeying local, State, and Federal laws governing behavior and conduct. *

Note: Provisions for dealing with starred () items above are contained in Section V of this document.*

III. Dispositions for Student Infractions and Standards of Behavior

Dispositions for student infractions and violations of standards and expectations of behavior include, but are not limited to, the following:

- Additional practice or conditioning time;
- Conferencing between sponsor/parent or sponsor/student athlete;
- Loss of position or awards privileges;
- Suspension and/or removal from team.

IV. Suspensions for Student Infractions and Standards of Behavior

Applying Suspensions: Relative to suspensions, progressive discipline processes will be utilized to create the expectation that the degree of discipline will be in proportion to the severity of the behavior, as well as consideration given to each student's previous discipline history and other relative factors.

- | | |
|--------------|--|
| 1st Offense: | Amount of suspension will be at the discretion of the Principal |
| 2nd Offense: | Suspension will be a minimum of twice the suspension for the first offense |
| 3rd Offense: | Permanent suspension |

Reporting Suspensions: Parent/guardian will be notified of the student's suspension. A suspension report will be filed with the Office of Student Activities and Athletics.

Transferring of Suspended Student Athletes: Students suspended from activities will not regain eligibility by transferring to another school within the School District.

V. Dispositions and Guidelines for Chemical Use and/or Student Arrests

Reporting of Chemical Use and/or Student Arrests: A student (or his/her parent/guardian) is responsible for informing a school official, which may include the Principal, Athletic Director or his/her Head Coach or sponsor, of misconduct involving chemical use and/or a student arrest. This report must occur within five calendar days of the incident or the student faces disciplinary action up to, and including, partial or permanent suspension.

Confirming Student Arrests: Student chemical use and/or arrests that are verified through a reliable source (school administrator, teacher, coach/sponsor, staff member, parent of involved student, School District Police Department, etc.) will be appropriately investigated by the school administration or designee.

Penalties for Chemical Use, Alcohol/Drug Related and/or Other Non-Felony Offenses: An athlete who is in violation of Chemical Use and/or arrested for, charged with, or found guilty of a misdemeanor shall receive the consequences as outlined below:

- 1st Offense: The student will lose a minimum of 30% of the current season or the next season in which the athlete competes. The penalty will be immediately assessed to the athlete's next competition.
- If the offense happens prior to the season starting, the athlete may be permitted to try-out for the activity but will then serve the suspension at the start of the season. During the suspension, the student may practice with the team if the coach/school permits. Practicing and team travel during the suspension is a local school decision.
- 2nd Offense: The student will be suspended from all practices/competitions for one calendar year from the date of the incident. In the event a student's calendar year suspension results in reinstatement to activities during the season of an activity which requires tryouts, the student will be permitted to participate in tryouts at the same time as his/her peers.
- 3rd Offense: The student will lose the privilege to participate in extracurricular activities for the remainder of their high school career.

Suspension Guidelines:

- 1.) When assessing a suspension, only GHSA regular season and playoff games will count towards the suspension. Although scrimmages are considered practices and do not count towards the overall game suspension total(s), the player will also forfeit participation in any scrimmage(s).
- 2.) If a student is suspended, playoff games count towards the game suspension (i.e.: a football player caught with alcohol after the 9th game of the season and the team qualifies for state, the student would serve a 30% suspension, in this case 3 games.) In this scenario, the student would be suspended for the 10th game, 1st and 2nd rounds of playoffs, if applicable. If the team were eliminated, the student would sit for the 10th game and the 1st game of the following season.
- 3.) Suspensions for one-sport athletes: if a suspension occurs out of season, the student will serve the imposed suspension the following year.
- 4.) Suspensions for multi-sport athletes: a suspension may carry over from one sport to another. For this rule to be applicable, the student must have played the 2nd sport the previous year, with a freshman student serving as an exception. A student may not play a second sport to avoid serving a suspension in their primary sport. The CCSD Athletic Director will make the final determination in these cases.

Addressing Felony Arrests and/or Convictions: Felony arrests constitute an immediate suspension from activities. Relative to that arrest, any subsequent felony conviction of a student may result in a permanent dismissal from activities.

Guidelines: A student who is arrested, indicted, convicted of, or charged with a felony or act that would constitute a felony if committed by an adult should be automatically suspended from interscholastic/extracurricular activities. Students will not be permitted to participate in preseason activities. All felony DUI offenses will be dealt with according to these guidelines.

Duration: The student shall remain suspended from extracurricular activities until:

- 1.) The charges are completely dismissed;
- 2.) The charges are reduced to a misdemeanor, in which case the student would be subject to penalties outlined for misdemeanor infractions;
- 3.) The student is found not guilty; or
- 4.) The student serves his/her consequence as outlined below:

Once the student successfully completes the consequences assigned by the judge or agreed to by the student, including probation or diversion, the student may be permitted to participate in extracurricular activities. The student is responsible to provide evidence that all sentencing and/or fines have been satisfied, including, but not limited to, probation and/or community service have been satisfied.

VI. Duration of Code of Conduct
